

CITGO GoBox™

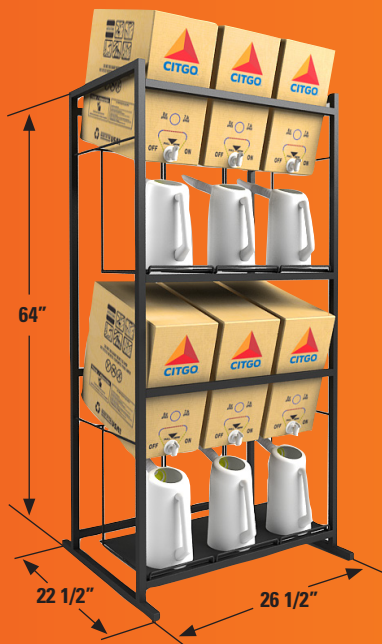

The GoBox™ system provides efficient storage, inventory management and oil delivery to vehicles. This comprehensive solution helps to alleviate and reduce many operational tasks and is designed to help improve speed and ease of use compared to bottles and drums.

Why GoBox™?

- 89% less plastic landfill waste compared with 24-quart bottles
- Carton is fully recyclable
- Approximately 50% or more in storage reduction based on 6 drum alternative
- Allows for optimum inventory
- Leaves minimal residual oil behind and requires less handling than bottles

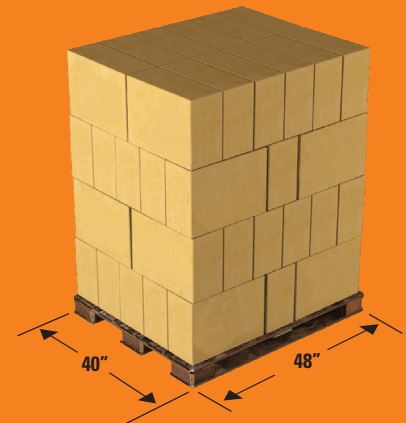

Available Products (6 per rack)
